## What Causes Disasters to Happen?

“So We punished each (of them) for his sins, of them were some on whom We sent Hasiban (a violent wind with shower of stones) [as the people of Lout (Lot)], and of them were some who were overtaken by As Saihah [torment awful cry, etc. (as Thamud or Shu’aib’s people)], and of them were some whom We caused the earth to swallow [as Qarun (Korah)], and of them were some whom We drowned [as the people of Nuh (Noah), or Fir’aun (Pharaoh) and his people]. It was not Allah Who wronged them, but they wronged themselves.”

**(Al-Quran, Chapter 29, Verse 40)**

Abu Hurairah reported that the Messenger of Allah (peace be upon him) said, “when, booty will be taken as a private property, property given in trust is treated as a gain, Zakat (obligatory charity) is considered as a burden, learning will be acquired other than for religion, a man shall obey his wife and disobey his mother, he shall draw his friend near and drive his father far off, voices shall be loud in the masaajid, the sinner among a people shall become their leader, the leader among a people shall become the vilest of them, a man shall be honored out of fear of his mischief, singing girls and musical instruments shall appear, wine will be drunk, and the latter generations of this people will curse their former ones - Wait at that time for a violent windstorm, an earthquake, and sinking down of earth, and deformity/mutilation of men, and falling/raining of stones and objects from the sky, and several signs that will follow like a string of gems whose string has been cut of and so they fall one after another”.

**(Al-Tirmidhi, 5450)**

**Disaster could strike at any moment...**

**Don't Wait Until it's too Late!**

As the frequency of disasters are undoubtedly increasing all over the world, the importance of acquiring disaster preparedness is now imminent.

## Disaster Preparedness Team's Scope

Under this effort, Hidaya Foundation works with communities and individuals near our headquarters in the San Francisco Bay Area to get them trained at local training programs that allow them to become part of community response teams. We also raise awareness and direct people towards how they can go about getting training in other parts of the country.

## Mission Statment

- To acquire disaster preparedness training in order to prepare and protect one's self, family and neighbors in the event that a disaster should strike.
- To raise awareness on how and where individuals can go about getting training and becoming equipped to prepare for disasters
